ABSTRACT

Designed to serve both the United States and Canada, this directory of the National Association for Public Continuing and Adult Education (NAPCAE) presents NAPCAE officers, staff, and activities (including annual conference highlights), followed by NAPCAE award winners, past conferences and presidents, an adult education legislative summary, educational statistics, an organizational directory, NAPCAE membership (institutions, members emeritus, active members), a list of subscribers, the NAPCAE constitution, an annotated bibliography of NAPCAE publications, and advertisers in the almanac. Data appear on state support for adult education, educational attainments of adults, high school accreditation by examinations and work experience, expenditures by local school systems, public school adult education enrollments, graduate programs, and administrative and instructional personnel. Also covered are state associations affiliated with NAPCAE, state departments of education, voluntary associations, and Federal agencies. An organizational chart of the United States Office of Education (USOE) is followed by NAPCAE representatives from the ten USOE regions. (LY)

THE PUBLIC CONTINUING & ADULT EDUCATION ALMANAC is the yearbook of the National Association for Public Continuing & Adult Education, an affiliate of the National Education Association. Editor, Margaret Samet. The *Almanac* is provided without charge to Active Members and Subscribers. Price to Associate Members: $5 per copy. Price to nonmembers: $10 per copy.

INTRODUCTION

This is the second edition of the *Almanac* published under the new name which we adopted effective January 1, 1970—the National Association for Public Continuing and Adult Education. This name change came about as the result of sweeping constitutional changes voted by our membership at the Galaxy Conference on Adult Education held in December of 1969. For popular purposes the new acronym, NAPCAE, is pronounced the same as the old acronym, NAPSAE—as náp-see.

The reader will be quick to note that all of the popular and useful features of previous editions of the *Almanac* are repeated and updated in this 1971 version, including the revised NAPCAE Constitution and By-Laws. Members are urged to read these documents carefully, inasmuch as they do reflect some rather fundamental changes for the Association.

An *Almanac* exclusive again is the section on state support for adult education. As in the past state directors of adult education responded to our annual request for information and made it possible for us to assemble the only collection of up-to-date information of this nature available anywhere. We remain indebted to the state directors and their staffs for their unfailing cooperation with us.

Of particular interest this year is the inclusion of the adult education portions of two federal laws which were enacted during 1970—P.L. 91-230 and P.L. 91-600. The former is NAPCAE's long-sought-after bill extending the authority for adult basic education through high school, and the latter is a technical amendment which was passed in the "lame duck" session of the 91st Congress in order to avoid a serious funding inequity this fiscal year. The enactment of these two laws is tangible evidence of the effectiveness of the active legislative program carried out by the membership of NAPCAE.

Mrs. Margaret Samet, our very capable administrative assistant, is serving as *Almanac* editor for the fourth consecutive year. If you find this to be a useful, accurate publication, much of the credit should go to Mrs. Samet for her painstaking efforts and for the long hours she spent on its preparation.

Finally, this is your book, and above all we want to respond to your needs. If there are items you feel we should consider using in another year, or if there are comments or suggestions you wish to make about the current *Almanac*, please let us know. This is our only annual publication of this nature; we want to make it worthy of your continuing use.

WHAT IS NAPCAE?

The National Association for Public Continuing and Adult Education, a national affiliate of the National Education Association, exists to give leadership to the development and implementation of public continuing and adult education in the United States. Membership is open to anyone who supports the purpose of the Association. Emphasis is on publicly supported adult and continuing education programs in such institutions as elementary, junior, and senior high schools; community and junior colleges; college and university extension and evening divisions; correctional institutions; and government educational agencies—federal, state, and local.

There are four NAPCAE membership categories with the following annual dues: Active—$20; Associate—$5; Institutional—$50; Emeritus—$5. There is also a subscription service available at the same annual rate as active membership, $20. Institutional, active, and emeritus members and subscribers receive the *Public Continuing and Adult Education Almanac* and the three newsletters—*Techniques for Teachers of Adults, Administrators Swap Shop,* and the *Pulse of Public Continuing and Adult Education.* Associate members receive *Techniques.* Emeritus members must be former active members who have retired.

NAPCAE maintains its national offices in the headquarters building of the National Education Association in Washington, D.C. There are 30 state affiliates of NAPCAE and one national affiliate, the National Council of State Directors of Adult Education. These state affiliates maintain active programs in such areas as legislation and improvement of professional standards, and in general perform such functions at the state and local levels as does NAPCAE at the national level. A financial rebate is granted annually to each state affiliate for each of its members who is also an active member of NAPCAE.

NAPCAE is incorporated as a business league and maintains a year-round surveillance of congressional activities as they relate to adult and continuing education. In addition to its regular publications, it also produces special publications from time to time. Its new publication in 1970 was *A Second Treasury of Techniques for Teaching Adults,* by Virginia Warren.

During 1970, NAPCAE was actively involved in a number of special projects. It completed evaluations of statewide adult basic education programs in Massachusetts, South Carolina, and Pennsylvania, and completed a series of professional development seminars in Maine. It began statewide adult basic education evaluations in Iowa and Missouri, and contracted to begin a similar evaluation in Arizona. It cooperated with Florida State University in carrying out a national training institute for state directors of adult education. In order to systematize the many activities in which

NAPCAE staff members and consultants are becoming involved, the Board of Directors announced the establishment of the NAPCAE Consultant Network. Inquiries about its services should be directed to Executive Secretary James R. Dorland.

NEA Adult Education Service Division

The NEA first provided for adult education in 1921 when the Representative Assembly gave affiliation status to the Department of Immigration Education (renamed in 1924 the Department of Adult Education). The NEA created the Division of Adult Education Service in 1945, which included the National Training Laboratories and the National Association for Public School Adult Education. In 1962, the National Training Laboratories and the Division of Adult Education Service became separate units, and in 1969 NAPSAE (now NAPCAE) became a separate fiscal and operational unit.

The Division is the "service arm" of the NEA in advancing the cause of adult education in the public schools. Its program includes three major thrusts:

1. Working through the regional offices of the NEA and the state affiliates, the staff of the Division of Adult Education Service is available to work with local and state associations wishing:

   a. To make educational services for adults a part of the agreements negotiated with boards of education;

   b. To strengthen and improve the professional benefits available to teachers of adults;

   c. To assist locals in their campaigns to enroll all adult education personnel in public schools as members of the united profession.

2. The Division, in cooperation with other units of the NEA, assists in stimulating programs designed to help create and expand informed citizen participation in the government of public education.

3. The director of the Divsion serves as secretary of the Adult Education Committee of WCOTP. The Division office also serves as secretariat for the annual international adult education meeting held in cooperation with the WCOTP Assembly and works closely with the Inter-American Committee for Adult Education and the Inter-American Federation for Adult Education.

The Division's professional staff members are Robert A. Luke, director, and Richard W. Cortright, assistant director.

NAPCAE's 18th ANNUAL CONFERENCE

From every standpoint, the NAPCAE/AEA/CNO Conference held in Atlanta at the end of October was a smashing success. Registrations exceeded preconference expectations. Not counting Teacher's Day, some 1,500 adult educators officially registered at the Conference. For NAPCAE's traditional Teacher's Day, 120 more adult educators registered. Sargent Shriver's keynote address on the conference theme, "Mission 70s: Fulfilling Our Promises," set a thoughtful, challenging, and inspirational tone for the entire Conference.

Highlights of the NAPCAE Conference included installation of officers and board members, presentation of special awards, and awarding charters of affiliation to new NAPCAE chapters in Alabama, Alaska, Maryland, and New Jersey. At the annual NAPCAE business meeting, the following legislative platform was adopted:

- that NAPCAE approve and support a supplemental appropriation for full funding of $200 million, as authorized in the adult education provisions of the Elementary and Secondary Education Act of 1966 as amended by the 91st Congress. This would provide the remaining 72.5 percent of the fiscal year 1971 authorization. These funds would provide for $105 million for adult education programs on the elementary level (Grades 0 through 8) and $40 million for the secondary level (Grades 9 through 12) as prescribed in the Adult Education Act.
- that NAPCAE immediately call on all members of the U.S. House of Representatives to vote against the passage of the Comprehensive Manpower Act, H.R. 19519. Since an opportunity for hearings has not been provided on many of the Act's provisions which, we believe, are detrimental to education we request immediate and strong opposition.
- that NAPCAE request that the President of the United States establish a U.S. Department of Education at the cabinet-level.
- that NAPCAE request that the Congress hold hearings to evaluate the educational voucher plan now under consideration by the Office of Economic Opportunity, which could adversely affect the American public educational system.
- that NAPCAE go on record as being in full support of legislative proposals which would have the effect of extending the formula for allocation of funds used in the Adult Education Act of 1966, P.L. 89-750, through the end of fiscal year 1971.

Mrs. Catherine Kirkland, coordinator of the Adult Education Unit in the Georgia State Department of Education, served as overall chairman of the NAPCAE Conference and Curtis Ulmer, chairman of the Department of Adult Education at the University of Georgia was in charge of NAPCAE program arrangements.

1970 ADULT EDUCATION LEGISLATIVE YEAR IN REVIEW

From a legislative standpoint, there were three major developments of interest to adult educators. These included:

Passage on April 13, 1970, P.L. 91-230, which included amendments to the Adult Education Act of 1966. The most important change was the inclusion of programs "that will enable all adults to continue their education to at least the level of completion of secondary school and make available the means to assure training that will enable them to become more employable, productive, and responsible citizens." The passage of this legislation was a culmination of NAPCAE's many years of efforts to secure federal support for adult high school education. The program received an authorization of $160 million for FY 1970, $200 million for FY 1971, $225 million for FY 1972, and $225 million for FY 1973. Another important provision was for the appointment of a fifteen-member National Advisory Council on Adult Education. NAPCAE members Thomas W. Mann and Leonard P. Hill were appointed to the Council.

Passage on December 14 of a technical amendment to the Library Services and Construction Act, P.L. 91-600, which extended the "old" adult basic education funding formula for the remainder of the current fiscal year so that 17 states would not receive budgetary cutbacks due to the transition from an ABE-based formula to a formula based upon the number of adults who had not completed high school. Getting this equalizing formula enacted during a "lame duck" session represented one of the most difficult legislative maneuvers in which NAPCAE has yet been involved.

Passage by Congress of a Comprehensive Manpower Bill and, then, a late December veto of that bill by President Nixon, and a subsequent decision by Congress, on December 21, not to override the veto. NAPCAE was one of the very few national associations which publicly opposed the proposed Comprehensive Manpower Bill.

The adult education portions of P.L. 91-230 and P.L. 91-600 follow:

TITLE III—AMENDMENTS TO THE ADULT EDUCATION ACT OF 1966

EXTENSION AND REVISION OF THE ADULT EDUCATION ACT OF 1966

SEC. 301. Effective on and after July 1, 1969, title III of the Elementary and Secondary Education Amendments of 1966 (the Adult Education Act of 1966) is amended to read as follows:

"TITLE III—ADULT EDUCATION

"SHORT TITLE

"SEC. 301. This title may be cited as the 'Adult Education Act'.

“STATEMENT OF PURPOSE

“SEC. 302. It is the purpose of this title to expand educational opportunity and encourage the establishment of programs of adult public education that will enable all adults to continue their education to at least the level of completion of secondary school and make available the means to secure training that will enable them to become more employable, productive, and responsible citizens.

“DEFINITIONS

“SEC. 303. As used in this title—

“(a) The term ‘adult’ means any individual who has attained the age of sixteen.

“(b) The term ‘adult education’ means services or instruction below the college level (as determined by the Commissioner), for adults who—

“(1) do not have a certificate of graduation from a school providing secondary education and who have not achieved an equivalent level of education, and

“(2) are not currently required to be enrolled in schools.

“(c) The term ‘adult basic education’ means adult education for adults whose inability to speak, read, or write the English language constitutes a substantial impairment of their ability to get or retain employment commensurate with their real ability, which is designed to help eliminate such inability and raise the level of education of such individuals with a view to making them less likely to become dependent on others, to improving their ability to benefit from occupational training and otherwise increasing their opportunities for more productive and profitable employment, and to making them better able to meet their adult responsibilities.

“(d) The term ‘Commissioner’ means the Commissioner of Education.

"(b) From the remainder of such sums, the Commissioner is authorized to make grants to States, which have State plans approved by him under section 306 for the purposes of this section, to pay the Federal share of the cost of (1) the establishment or expansion of adult basic education programs to be carried out by local educational agencies and private nonprofit agencies, and (2) the establishment or expansion of adult education programs to be carried out by local educational agencies and private nonprofit agencies.

"ALLOTMENT FOR ADULT EDUCATION

"SEC. 305. (a) From the sums available for purposes of section 304(b) for any fiscal year, the Commissioner shall allot (1) not more than 2 per centum thereof among Puerto Rico, Guam, American Samoa, the Trust Territory of the Pacific Islands, and the Virgin Islands according to their respective needs for assistance under such section, and (2) $150,000 to each State. From the remainder of such sums he shall allot to each State an amount which bears the same ratio to such remainder as the number of adults who do not have a certificate of graduation from a school providing secondary education (or its equivalent) and who are not currently required to be enrolled in schools in such State bears to the number of such adults in all States.

"(b) The portion of any State's allotment under subsection (a) for a fiscal year which the Commissioner determines will not be required, for the period such allotment is available, for carrying out the State plan approved under this title shall be available for reallotment from time to time, on such dates during such period as the Commissioner shall fix, to other States in proportion to the original allotments to such States under subsection (a) for such year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum which the Commissioner estimates such State needs and will be able to use for such period for carrying out its State plan approved under this title, and the total of such reductions shall be similarly reallotted among the States whose proportionate amounts are not so reduced. Any amount reallotted to a State under this subsection during a year shall be deemed part of its allotment under subsection (a) for such year.

“STATE PLANS

“Sec. 306. (a) Any State desiring to receive its allotment of Federal funds for any grant under this title shall submit through its State educational agency a State plan. Such State plan shall be in such detail as the Commissioner deems necessary, and shall—

“(1) set forth a program for the use of grants, in accordance with section 304(b), which affords assurance of substantial progress with respect to all segments of the adult population and all areas of the State, toward carrying out the purposes of such section;

“(2) provide for the administration of such plan by the State educational agency;

“(3) provide for cooperative arrangements between the State educational agency and the State health authority authorizing the use of such health information and services for adults as may be available from such agencies and as may reasonably be necessary to enable them to benefit from the instruction provided pursuant to this title;

“(4) provide for grants to public and private nonprofit agencies for special projects, teacher-training, and research;

“(5) provide for cooperation with Community Action programs, Work Experience programs, VISTA, Work Study, and other programs relating to the antipoverty effort;

“(6) provide that such agency will make such reports to the Commissioner, in such form and containing such information, as may reasonably be necessary to enable the Commissioner to perform his duties under this title and will keep such records and afford such access thereto as the Commissioner finds necessary to assure the correctness and verification of such reports;

“(7) provide such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement of and accounting for Federal funds paid the State under this title (including such funds paid by the State to local educational agencies and private nonprofit agencies);

“(8) provide that special emphasis be given to adult basic education programs except where such needs can be shown to have been met in the State; and

“(9) provide such further information and assurances as the Commissioner may by regulation require.

“(b) The Commissioner shall not finally disapprove any State plan submitted under this title, or any modification thereof, without first affording the State educational agency reasonable notice and opportunity for a hearing.

“Sec. 307. (a) Except as provided in subsection (b), the Federal share of expenditures to carry out a State plan shall be paid from a State’s allotment available for grants to such State. The Federal share for each State shall be 90 per centum, except that with respect to the Trust Territory of the Pacific Islands such Federal share shall be 100 per centum.

“(b) No payment shall be made to any State from its allotment for any fiscal year unless the Commissioner finds that the amount available for expenditure by such State for adult education from non-Federal sources for such year will be not less than the amount expended for such purposes from such sources during the preceding fiscal year, but no State shall be required to use its funds to supplant any portion of the Federal share.

"OPERATION OF STATE PLANS; HEARINGS AND JUDICIAL REVIEW

"SEC. 308. (a) Whenever the Commissioner, after reasonable notice and opportunity for hearing to the State educational agency administering a State plan approved under this title, finds that—

"(1) the State plan has been so changed that it no longer complies with the provisions of section 306, or

"(2) in the administration of the plan there is a failure to comply substantially with any such provision,

the Commissioner shall notify such State agency that no further payments will be made to the State under this title (or, in his discretion, that further payments to the State will be limited to programs under or portions of the State plan not affected by such failure), until he is satisfied that there will no longer be any failure to comply. Until he is so satisfied, no further payments may be made to such State under this title (or payments shall be limited to programs under or portions of the State plan not affected by such failure).

"(b) A State educational agency dissatisfied with a final action of the Commissioner under section 306 or subsection (a) of this section may appeal to the United States court of appeals for the circuit in which the State is located, by filing a petition with such court within sixty days after such final action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Commissioner or any officer designated by him for that purpose. The Commissioner thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code. Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Commissioner or to set it aside, in whole or in part, temporarily or permanently, but until the filing of the record, the Commissioner may modify or set aside his order. The findings of the Commissioner as to the facts, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Commissioner to take further evidence, and the Commissioner may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence. The judgment of the court affirming or setting aside, in whole or part, any action of the Commissioner shall be final, subject to the review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code. The commencement of proceedings under this subsection shall not, unless so specifically ordered by the court, operate as a stay of the Commissioner's action.

"(1) involve the use of innovative methods, systems, materials, or programs which the Commissioner determines may have national significance or be of special value in promoting effective programs under this title, or

"(2) involve programs of adult education, carried out in cooperation with other Federal, federally assisted, State, or local programs which the Commissioner determines have unusual promise in promoting a comprehensive or coordinated approach to the problems of persons with educational deficiencies.

The Commissioner shall establish procedures for making grants under this subsection which shall require a non-Federal contribution of at least 10 per centum of the costs of such projects wherever feasible and not inconsistent with the purposes of this subsection.

"(c) The Commissioner is authorized to make provision for training persons engaged, or preparing to engage, as personnel in adult education programs designed to carry out the purposes of this title, including the payment of such stipends and allowances (including traveling and subsistence expenses, if any, for such persons and their dependents) as the Commissioner may determine by regulation. The Commissioner may provide such training directly or by contract or he may provide for such training by making grants to institutions of higher education, State or local educational agencies, or other appropriate public or private agencies or organizations.

The Council shall meet initially at the call of the Commissioner and elect from its number a chairman. The Council will thereafter meet at the call of the chairman, but not less often than twice a year.

The President shall transmit each such report to the Congress together with his comments and recommendations. READING DEVELOPMENT KITS:

(Junior-Senior High School & Adult Education)

READING DEVELOPMENT is a high interest, three-kit program for improving the reading skills of adolescents and adults. Boxed lessons provide high motivation materials of graded readability gradually increasing in difficulty from a beginning reading level into senior high school. The interest level of all three Kits is aimed at more mature adolescents, young adults, and adults.

READING DEVELOPMENT Kit A is a learning laboratory designed to aid in teaching the older disabled reader who is in secondary schools and adult education programs. Kit A is also useful material for teaching English as a second language.

READING DEVELOPMENT Kit B contains materials at the approximate reading levels of the intermediate elementary grades. Kit B may be used in reading improvement programs at the junior and senior high school levels. Kit B is also a valuable remedial reading laboratory for adults.

READING DEVELOPMENT Kit C is designed for adolescents and adults reading at the approximate grade levels 7 through 10-plus. Kit C provides reading and English instructors, guidance counselors, study-skills teachers, and adult educators with a program that covers a range of advanced reading levels, yet meets individual interests and learning rates. Emphasis is on reading as a learning tool.

Each self-contained Kit contains:
1) Two to four copies of each student lesson on durable, individual cards separated into levels of reading difficulty.
2) An Instructors' Manual containing descriptive material, bibliographies, and detailed suggestions for using the Kits.
3) Progress Records which serve as the individual student's personal, self-scoring answer book and achievement chart.
4) Informal Inventories, both pre- and post-testing forms, provide a simple procedure for screening, placing, and assessing students. Regular reading achievement tests and teacher evaluation are also recommended.

With emphasis on relevance of content and flexibility of usage, the READING DEVELOPMENT Kits allow each student to succeed immediately and progress at his own rate. CONSTITUTION

National Association for Public Continuing and Adult Education

As amended December 9, 1969

ARTICLE I

Name

The name of the Association shall be "The National Association for Public Continuing and Adult Education" (NAPCAE).

ARTICLE II

Purpose and Objectives

The purpose of the Association shall be to give leadership to the development and implementation of public continuing and adult education. The Association shall not engage in any activity which would be inconsistent with the status of a business league or professional association as defined in Section 501 (c)(6) of the Internal Revenue Code of 1954 and any successor provision thereto.

ARTICLE III

Membership

1. Membership is open to all who support the purpose of the Association.
2. Each Active Member shall be entitled to one vote on each matter submitted to a vote of the membership.
3. The Membership Year shall begin on October 1.
4. Membership in the Association is neither transferable nor assignable.
5. Special membership categories entitling members to specific rights and privileges, which do not include the right to vote or hold office, may be established by the Board of Directors.

ARTICLE IV

Officers

1. The officers of the Association shall be a president, a president-elect, and a secretary-treasurer.

2. The president-elect shall succeed to the presidency and take office at the beginning of the business session of the annual meeting following his installation as president-elect.

3. The officers, other than the president, shall be elected annually by the Active Membership as provided in Article VI of this Constitution.

4. The officers shall take office at the beginning of the business session of the annual meeting following their election, and shall serve for a term of one (1) year, or until their successors are elected and qualified.

5. In the interim between elections, the President shall fill vacancies which may occur in any office for the unexpired term, except that in the event the president's office becomes vacant the president-elect shall succeed to the office. Completion of such a term as president shall not be a part of the regular one-year term as

president which the president-elect begins at the beginning of the next annual meeting.

6. The officers of the Association shall serve as officers of the Board of Directors.

7. The officers and the immediate past-president as a group shall serve as the Executive Committee of the Board of Directors, with responsibilities for submitting agenda for all meetings and with power to act for the Board of Directors during the interim between meetings of the Board of Directors. Such acts shall be subject to ratification by the Board of Directors.

ARTICLE V

Board of Directors

1. The Board of Directors shall consist of the officers of the Association, the immediate past-president, and twelve (12) directors elected at large, as provided in Article VI of this Constitution, each having one vote. At no time shall there be more than two past-presidents on the Board of Directors.

2. The terms of office of the twelve (12) elected directors shall be two (2) years. The elections shall be so staggered that six (6) directors shall be elected annually.

The directors shall take office at the beginning of the annual meeting following their election and shall serve on the Board until their successors have been qualified.

A director shall not serve for more than two (2) terms consecutively.

3. In the interim between elections, the president shall, by appointment, fill vacancies of Board members for the unexpired terms of the vacancy. Such appointments shall not be a part of the elected consecutive term of two (2) years.

4. The Board of Directors shall have a quorum as determined in the By-Laws, for the transaction of business.

The actions of a majority present at a meeting where a quorum is present are valid and binding.

Binding acts shall be taken by the Board of Directors either in meeting assembled or by mail vote ordered by the Executive Committee.

5. Meetings of the Board of Directors shall be held when called by the president, by seven (7) members of the Board, or by resolution of the Board itself.

When the president and president-elect, and the secretary-treasurer are absent, the Board members shall choose a chairman.

6. Notice of time and place of meetings of the Board of Directors shall be given to all members of the Board by mail or by telegram at least ten (10) days before the date of the meeting.

7. The Board of Directors shall have full power to adopt its own rules of procedure subject to this Constitution.

ARTICLE VI

Nominations and Elections

1. A Nominations and Elections Committee of Active NAPCAE Members shall be appointed by the Board of Directors, outside of its own membership, to supervise nomination and election procedures and to conduct elections. Members of this committee shall not be eligible to be candidates for office in the elections for which the committee is responsible.

2. Present members of the Board whose terms do not expire and who have been nominated for one of the two elective offices, will retain their places on

the Board of Directors in the event they are not elected to an office. In the event a mid-term member is elected to an office, the vacancy shall be filled by appointment by the incoming president.

ARTICLE VII

Committees

1. Standing and special committees shall be created by the Active Membership in a meeting assembled, or by the Board of Directors as needed.

The committees' powers, including the authority to act in behalf of the Association, shall be determined by the action creating the committee or later delegated to it, subject to this Constitution.

2. The chairman of all committees shall be appointed by the President with the exception of the Nominations and Elections Committee.

3. Unless specifically authorized by the Board of Directors to the contrary, the chairmen of all committees, except the Nominations and Elections Committee, shall be appointed for one (1) year corresponding with the terms of the appointing president. They shall be responsible directly to the president.

4. Individual committee members, except for Nominations and Elections Committee members, shall be appointed for one (1) year by the president.

ARTICLE VIII

Association Meetings

1. There shall be an annual meeting of the Association at a time and place designated by the Board of Directors. Fifty members present and qualified to vote shall constitute a quorum.

Additional meetings of the Association may be called by the president with the approval of the Board of Directors.

2. Robert's Rules of Order shall govern the conduct of the meetings of the Association.

ARTICLE IX

Books and Records

1. The Association shall keep current and complete records of its accounts and activities, and minutes of meetings of its Board of Directors and of the annual meeting of members.

2. The Association shall keep at the registered or principal office a record giving names and addresses of the members of the Association, the date of admission to membership, and the date upon which membership is terminated.

3. All books and records of the Association may be inspected by any Active Member, his agent, or attorney for any proper purpose at any reasonable time.

4. There shall be an annual audit of the financial records of the Association by a public accountant.

ARTICLE X

Dues

1. Dues, as determined in the By-Laws, shall be payable upon acceptance of the application for membership.

2. When any member shall be in default in the payment of dues for a period of two (2) months from beginning of the period when such dues become payable, his membership shall thereupon be terminated.

A member shall be reinstated upon payment of current dues.

ARTICLE XI

Powers and Duties of the Executive Secretary

The Executive Secretary shall be the chief executive officer of the Association, shall have immediate direction of the work of the Association staff, shall act as fiscal officer of the Association under the direction of the Board of Directors, be an ex-officio member of the Executive Committee, prepare an annual budget under the direction of the Executive Committee for presentation to the Board of Directors, make a financial report to the membership at the annual meeting of the Association, and perform such other duties as are specified by the Board of Directors.

ARTICLE XII

Fiscal Year

The Fiscal Year of the Association shall be determined by the Board of Directors.

ARTICLE XIII

Dear Colleague:

By now you've just about come to the end of our 1971 ALMANAC. We hope it contains items which you find helpful in your day-to-day activities. It has a softbound flexible format so that it will be used. I'm always pleased when I visit adult educators across the country and see them turn to their ALMANAC when they need some information.

We in NAPCAE have been proud of the closeness of spirit which has developed among our members. Perhaps it's because of our smallness or because adult educators are so often viewed as being different that they tend to work closely together.

Regardless of the reasons for this special togetherness, we hope it continues. You can help us further the NAPCAE cause--and the cause of continuing education--in several ways:

1. Patronize the organizations which care enough about adult education to advertise in our ALMANAC.
2. Share your ALMANAC with your colleagues. Use the tearout coupon on the previous page for membership or publication orders.
3. Participate in the activities of your state association and try to attend the NAPCAE Conference annually.

In the realm of professional associations, we like to think that NAPCAE is one of the more personalized, informal groups and that we're all involved in important work. We're glad you're using your ALMANAC. We hope to continue to serve you.

Cordially,
